

# Introduction

## About Oxford Read and Discover

**Oxford Read and Discover** is a series of graded Readers from Levels 1 to 6, suitable for students of English from age six and older. The levels have been designed to match the language content of Elementary English language coursebooks from Grades 1 to 6.

These reading books provide a wide variety of non-fiction topics that can be used for cross-curricular work or for Content and Language Integrated Learning (CLIL). The topics have been chosen to stimulate students' interest and to cover key curriculum content from three broad subject areas: The World of Science and Technology, The Natural World, and The World of Arts and Social Studies.

**Oxford Read and Discover** combines lively reading material with carefully graded language, enabling students to discover more about the world while learning English at the same time. See the series chart on page 32 and the contents summary chart on pages 6–7. Or go to [www.oup.com/elt/teacher/readanddiscover](http://www.oup.com/elt/teacher/readanddiscover)

## Series Components, Levels 1–2

### Reader

Each Reader provides carefully structured and supported **reading text** about an engaging topic. The following features support the development of general reading skills.

- The **contents page** and **introduction page** at the beginning of the Reader prepare students for what they will read in the chapters.
- The **reading text** is organized into **chapters**, each with a **heading**. The text is accompanied by **photos**, **illustrations**, and **diagrams**, to stimulate interest and support understanding, and **labels** are included for key language and concepts. There are also **Discover! fact boxes** and **cartoons**, to further stimulate interest.

At the back of each Reader the following are provided.

- In Level 1, a page of **activities** for each chapter. In Level 2, two pages of **activities** for each chapter. These activities are carefully graded and are based on the language and content of the chapter. They are designed to support the

development of a range of reading and writing skills, as well as general cognitive skills and critical thinking skills. The activities can be done after each chapter, or after the whole Reader has been read. There is a very clear reference to the activities pages in each chapter.

- Two **project pages** that provide extension material, encouraging students to personalize the topic, or research the topic further. Structured support is provided for these activities.
- To support the development of dictionary skills, there is a **picture dictionary** for key vocabulary that is likely to be new.

### Audio CD

An Audio CD accompanies each Reader, and provides a recording of the text in both American and British English.

### Activity Book

An Activity Book is available for each Reader, providing additional reading and writing practice for each chapter, as well as consolidation activities, Picture Dictionary revision, and a book review page. Activity Book answers are available on the Teacher's Website at [www.oup.com/elt/teacher/readanddiscover](http://www.oup.com/elt/teacher/readanddiscover)

### Teacher's Handbook Levels 1–2

This Teacher's Handbook outlines the methodology of the **Oxford Read and Discover** series, and provides an overview of the Readers at Levels 1–2, to help with lesson planning. There are **general teaching suggestions** that you can adapt to specific Readers and teaching contexts, and there are some ideas on using the **photocopiable world map** provided on page 9. **CLIL guidance** notes are also provided on page 10.

There is a page of **specific teaching notes** for each Reader, providing a summary of topics, curriculum links, main vocabulary and grammar, as well as **answers** to the Reader activities. **Specific teaching ideas** are also provided, including opportunities for speaking practice. Look out for the **READ & TALK** ideas!

### Teacher's Website

This Teacher's Handbook and the Activity Book answers are available on the Teacher's Website at [www.oup.com/elt/teacher/readanddiscover](http://www.oup.com/elt/teacher/readanddiscover)
