Teaching Ideas

See also [pages 6–7](#) for general ideas that you can adapt. Or go to www.oup.com/elt/teacher/readanddiscover

READ & TALK My Favorite Picture

After completing Project 2, students present their favorite artist to the rest of the class. Students then display all the pictures together, organizing them by type of art, or artist's nationality. Then they can vote for their favorite picture.

READ & TALK Which Picture Is It?

Choose a picture from the Reader, and ask students to guess which picture it is. Describe it to the class without saying which page it's on, for example: *It's a [type of art]. There's a ... It's ... It has ...* Then ask students to do the same in pairs, taking turns to describe a picture.

Art Research

Using books or the Internet, students do research on famous artists who live/lived and/or work/worked in their country. They can write about them like this: *[Name] lives/lived in ... and paints/painted/draws/drew/makes/made ...; He/She is famous because he/she ...* They can also add pictures of the artists and their art, and the work can be displayed as a class mural.

Activities Answers
