The plot itself is quite exciting. The wolf kept me on the edge of my seat!

THE LITTLE RED RIDING HOOD

short story / fairy tale

IT IS ABOUT

a little girl on her way to the woods to visit and bring food to her sick grandmother.

END

My favorite character is **Little Red Riding Hood**.

She is **brave** for going into the woods. She is **thoughtful** and **observant** too. I wish she was not portrayed as helpless in the end.

Overall, it was entertaining.

I understand that it is considered a classic. **But why couldn't Red Riding Hood save herself?**
